What is this product?

Type : Venture Real Estate Fund 1 ("Sub-Fund") is segregated compartment of Venture Real Estate Fund S.C.A. SICAV-SIF ("Fund"), a corporate partnership limited by shares (société en commandite par actions (S.C.A.) incorporated under the laws of the Grand Duchy of Luxembourg as an investment company with variable share capital (société d'investissement à capital variable (SICAV), established as a specialized investment fund (Fonds d'Investissement Spécialisé (SIF) under the the law of 13 February 2007 relating to specialised investment funds, as amended or supplemented from time to time ("2007 Law", the general partner of which is Venture Corporate Properties Luxembourg S.A. The Fund qualifies as an alternative investment fund ("AIF") within the meaning of Directive 2011/61/UE on alternative investment fund managers (the "AIFMD") as implemented in Luxembourg by the law of 12 July 2013 on alternative investment fund managers, as amended from time to time (the "AIFM Law"). Sogénial Immobilier, 29 rue Vernet, 75008 Paris (the « AIFM »), has been appointed as the alternative investment fund manager of the Fund.

Objectives : The Sub-Fund's investment objective is to achieve attractive risk-adjusted returns on a diversified portfolio of real estate investments. The Sub-Fund will invest directly and indirectly in real estate assets . The real estate assets may consist of office, retail (shops, shopping centers, retail parks, ...), or light industrial, warehouses or properties directly used in recreational, leisure, residential, or health activities. The investments will be made in Europe, principally in France and bordering countries (Spain, Belgium, Luxembourg, Germany, United Kingdom and Switzerland). The assets include directly owned properties, properties held indirectly through non-listed company or undertakings for collective investment with a similar investment policy, listed or non-listed real estate companies and unsecured and secured loans. The Sub-Fund may invest its liquidities on a temporary basis, in bank accounts or in short-term deposits (less than 12 months) with credit institutions established in the European Economic Area (EEA), treasury bills, money market UCITS and short-term bonds UCITS.

Leverage: The objective of the Sub-Fund is to aim for a maximum average debt of 75% of the value of the assets. The expected maximum level of leverage for the Sub-Fund is 300% of the net asset value of the Sub-Fund according to the gross method and commitment method.

Deadline for the centralisation of redemption orders : The Sub-Fund is open-ended. Redemption requests should be addressed to the Fund's registrar and transfer agent. Redemption orders must be received by the Registrar and Transfer Agent on a business day thirty (30) calendar days prior to the next valuation day before 6.00 pm (CET).

Allocation of distributable sums : Distribution

Intended retail investor : The Fund is intended to be marketed to institutional, professional and well-informed investors as defined in the 2007 Law. Retail investors who would like to invest in the Fund must qualify as retail investors who have sufficient experience and theoretical knowledge of real estate funds, who are seeking exposure to an open-ended investment and which are able to bear the loss of their entire investment and who have a long-term investment horizon.

Custodian : RBC Investor Services Bank S.A.

What are the risks and what could I get in return?

Risk indicator :

The risk indicator assumes you keep the product for 8 years

 The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7 which is risk class. This rates the potential losses from future performance at a level, and poor market conditions could impact our capacity to pay you.

Risk related to the real estate sector : The real estate market is particularly linked to the supply and demand for real estate, it periodically knows growth, but also decrease phases. These variations in the property market may affect more or less unfavorable on real estate assets valuation held directly or indirectly by the structure. No assurance or guarantee can be given as to the performance level of real

estate assets. This product does not include any protection from future market performance so you could lose some or all of your investment. For further information on the risks, please refer to the Fund's placement memorandum.

Guarantee : The Fund is not guaranteed in capital.

Performance scenarios (amounts in Euros) :

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. The future development of the market is random and cannot be predicted with precision. The scenarios presented represent examples based on past results and certain assumptions. The markets could evolve very differently in the future. The stress scenario shows what you could get in extreme market situations.

Recommended holding period: 8 years			
Example Investment : 10 000 €			
Scenarios		If you exit after 1 year	If you exit after 8 years (recommended holding period)
Minimum	This product does not provide protection against the vagaries of the market, there is no minimum guaranteed return. You could lose some or all of your investment

The scenarios presented are an estimate of future performance based on evidence from the past on how the value of this investment varies, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the investment or the product.

This product cannot be easily cashed in. If you exit the investment earlier than the recommended holding period you do not have any guarantee and you may have to pay extra costs.

What happens if Venture Corporate Properties Luxembourg S.A. is unable to pay out?

The investor of the Fund will not face financial loss due to the default of Venture Corporate Properties Luxembourg S.A. as the Fund is considered to be a separate entity with segregated assets. You may face a financial loss should the Fund default on its obligations. There is no compensation or guarantee scheme in place which may offset, all or any of, this loss.

Furthermore, with respect to RBC Investor Services Bank S.A., as depositary of the Fund responsible for the safekeeping of the assets of the Fund (the "Depositary"), there is a potential default risk if the assets of the Fund held with the Depositary are lost. However, such default risk is limited due to the rules set out in Article 19 of the AIFM Law and in the Commission Delegated Regulation (EU) 231/2013, which require a segregation of assets between those of the Depositary and the Fund. The Depositary is liable to the Fund or to the investors of the Fund for the loss by the Depositary or one of its delegates of a financial instrument held in custody unless the Depositary is able to prove that the loss has arisen as a result of an external event beyond its reasonable control. For all other losses, the Depositary is liable in case of its negligent or intention failure to properly fulfil its obligations pursuant to the AIFM Law and any applicable rules and regulations.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time (amount in Euros) :

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed :

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10 000 is invested.

	If you exit after 1 year	If you exit after 8 year (recommended holding period)
Total costs	2 790 €	5 388 €
